VIRTUE AUTOTURN LTD

UK REACH (Registration, Evaluation, Authorisation & Restriction of Chemicals) Legislation Compliance Statement

Virtue Autoturn Ltd is committed to the supply of safe and legally compliant component parts.

The Company does not supply or manufacture chemical substances or import them from outside the European Union.

The Company manufactures finished component parts in accordance with customer drawings and specifications. Such parts do not contain substances or mixtures which fall within the current regulations.

The materials used in the production and finishing of all parts supplied are compliant with the UK REACH Regulations.

The Company is aware of its obligations under the regulation and changes affecting the Company's REACH status will be immediately notified to affected customers.
